Finish Your To-Do List with a Home Equity Loan

Turn Your House into a Dream Home and Save!

AFCU offers a full range of products to help you finance your home improvements.

A **Home Equity Line of Credit** allows you the flexibility to have a limit based on your project budget but only draw funds as you need them. With an 8-year draw period and a 10-year payback period, this is a perfect option to finance improvements over time and advance money only when it is needed.

A **fixed-rate Home Equity Loan** gives you the security of a fixed rate and knowledge that your rates and payments will not change. This is a great option when you know your repair budget and will need most of the money up-front.

Don't have equity in your home? We offer other financing options, as well. A **VISA Platinum Credit Card** can help buy supplies needed for your project. A **no-equity Home Improvement Loan** is helpful for functional, necessary up-grades.
